

ACCELERATOR SEMINAR

“Overview of Accelerator R&Ds and Status of FEL Program at Shanghai Light Source”

***Haixiao Deng,
Shanghai Institute of Applied Physics (SINAP),
Chinese Academy of Sciences***

This talk will give an overview of R&Ds of accelerator-based photon sources at Shanghai Synchrotron Radiation Facility (Shanghai Institute of Applied Physics, Chinese Academy of Sciences), the recent progresses of Shanghai deep ultraviolet free electron laser test facility and recently proposed high-power terahertz source in Shanghai.

**Thursday, May 31, 2012
10:00 a.m.
CEBAF Center, Room F113**
